

Assignment 4  
Due in the class of 5/21

Note: you should explain how you obtain your solution in your submission. If you use MATLAB or any other software to compute your results, you should provide your code or describe the solving process. This is a good practice for you to explain things in a logical, organized, and concise way!

1. (20%) Chapter 5: Exercise 19
2. (20%) Chapter 5: Exercise 43
3. (20%) Chapter 5: Exercise 51
4. (20%) Chapter 5: Exercise 64
5. (20%) Chapter 5: Exercise 73
6. (30%) Chapter 4, Exercise 21
